NEW!

The Maintenance Committee has several summer projects underway. Please see below about their upcoming projects and most importantly, there are 2 projects where we need timely homeowner assistance and response. Please read below:

Capes August Maintenance Committee Report

NEW!

As we do around this time over Labor Day weekend, we will be coordinating a our Annual Yard Clean Up opportunity for all homeowners to clean up their landscapes and we will handle the debris. We will be working with the Landscape Committee to have convenient “dumping” locations and our contractor will mulch/remove the waste. More details to come soon...

NEW!

Fall is coming and we should all be checking out and cleaning our gutters! Gail will be investigating gutter cleaning services and we hope to be able to offer a “group” rate to any homeowners interested in having their own home gutters cleaned. Remember – this is a homeowner responsibility (not covered in your HOA dues), so it is your responsibility to keep your gutters free of pine needles/leaves/sand/etc. so you don’t have problems with our upcoming storm season. More details to come soon...

NEW!

We need volunteers if homeowners want our traditional Wine and Cheese Party to take place over Labor Day weekend. We have just a few dedicated volunteers from our dissolving Bridge House Committee who will need homeowner assistance/volunteers to make sure this event continues.

Please contact Gail and/or the Bridge House Committee (bridgehc@thecapeshossa.org) if you are interested in volunteering.

REMINDER!

Gail continues to see improper dumping of yard waste in our dumpsters. If you have small clippings, you can put them in a yard waste disposal bag at the end of your driveway and our landscaper will pick them up for proper removal. Large clippings you need to remove yourself (NOT in Capes dumpsters) or participate in our upcoming Annual Yard Clean Up coming in late August/early September (see above posting). The Board is looking into the cost of possibly renting another dumpster for large yard waste, but at this time, we need homeowner assistance to comply with current yard waste options. Thanks for your attention to this!
